Vishakhapatnam, Andhra Pradesh, India

## Summary

cyber security enthusiast and passionate about entrepreneurship

---

## Experience

### TeckyNut Community

Founder

June 2025 - Present (2 months)

Andhra Pradesh, India

As the Community Owner for TeckyNut, my core responsibility was to cultivate a thriving and engaged environment for software developers, AI/ML enthusiasts, open-source contributors and many tech enthusiasts. I focused on strategic growth, content excellence, and fostering strong member connections.

Major Duties:

- \* Strategic Growth & Engagement: Developed and executed strategies for community expansion, member retention, and increased participation across platforms like [e.g., Discord, Slack, forums, meetups].
- \* Content & Program Curation: Oversaw the planning, development, and promotion of high-value technical content, including [e.g., workshops, webinars, articles].
- \* Community Moderation & Support: Ensured a positive and inclusive atmosphere, managed guidelines, resolved issues, and facilitated constructive interactions.
- \* Partnerships & Outreach: Built relationships with industry partners and educational institutions to expand resources and opportunities for members.

### Scaler

YIIC 3.0

May 2025 - Present (3 months)

India

## Education

Raghu Engineering College

Bachelor of Technology - BTech, Computer Science Engineering with Cyber Security · (September 2024 - September 2028)

Sri Chaitanya College of Education

Intermediate (mpc), Mathematics physics chemistry
